CONTINUING EDUCATION

Richard Gretch and the Base Education Officer

Since its establishment in 1968, CGF's Continuing Education Program headed by Richard Gretch has made great strides in providing for involvement in educational activities which are supplemental to the primary roles which people play in society. It has opened doors to educational opportunities for students who cannot assume the role of a full time student.

Because of its nature the Continuing Education Program can also serve as an instrument in exploring new areas of interest which can later become part of the regular college curriculum. The Continuing Education Program has been influential in the establishment of the Criminal Justice Minor at CGF.

One out of four students at CGF are connected with the military. The Continuing Education personnel have an excellent rapport with the Malmstrom Base Education Office and each semester courses are taught in base facilities.

The "Triangle Area Resident Center" has been established in Conrad this year. Between 80 to 100 students in the Conrad area have benefitted from the program. Next year a similar center will be established in Lewistown. The CGF Continuing Education Program at CGF is furthering the educational opportunities of many people by taking education to the people.

The Business Department at CGF is the largest on campus. Including base students and special students, its enrollment nears the 200 mark. Headed by John T. Farley, the faculty of this department includes several members of the business and professional firms of the Great Falls community. These men bring valuable and practical experience into the classroom. They also supplement the three member full time faculty staff. The Business Department has a good rapport with the downtown businesses and many students work part-time in the business community in addition to taking part-time or full time course loads at the college. The department offers 3 majors: Business Administration, Accounting, and Business Education. Toward all degrees the student receives knowledge in the areas of Accounting, Business Law, Finance, Marketing, Management, Statistics, and Economics.

Many students come to the College of Great Falls determined to get a liberal arts education, but unsure as to which particular discipline they might eventually select as their area of concentration. To assist these students in their decisions, the College encourages the "undeclared major" to sample the wide variety of courses available in the hopes that in the process of learning from the myriad facets of academe each student will discover an unexpected depth of interest in a discipline. The undeclared major may then realize a greater satisfaction with his choice than those who choose a major field upon entrance. (List of undeclared majors not available.)

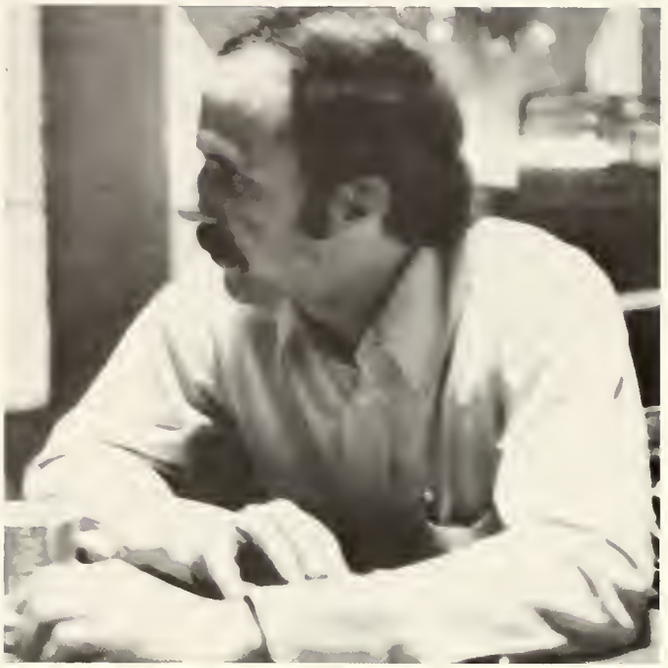
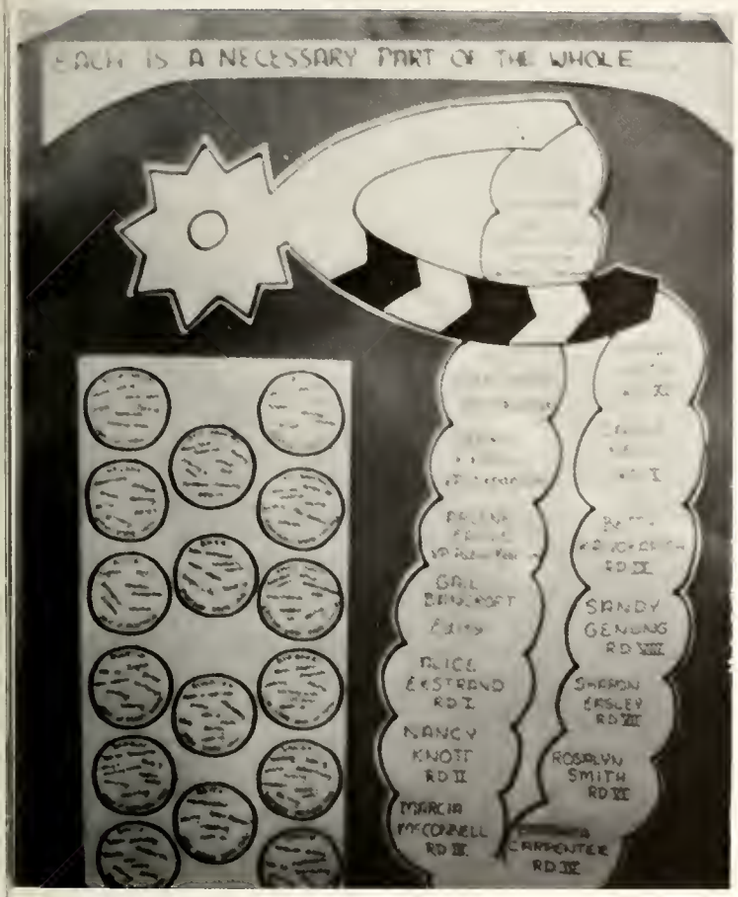
THE JOINT



The student run coffeehouse coined "The Joint" was open during the school day this year. It provided a meeting place for clubs and seminar classes. The quiet atmosphere furnished the students with a study center. Evening activities were organized by the coffeehouse committee.

ORIENTATION

REGIONAL SPUR CONVENTION



TOGETHER — THEY MADE IT HAPPEN

November 3rd and 4th were the dates of the 1972 Region I Spur Convention. All of the Montana schools were represented and four national officers were present. The CGF Spur Chapters, 71-72 and 72-73, were hosts and Jackie Dolezal was Convention Chairman. With the theme "Together — We Can Make It Happen!," the two days were full of business meetings, buzz sessions, and a workshop on communication. We can't forget the free time, meal times, and a pizza party either. All of these combined to bring girls closer together, to instill a real spirit of unity, and to leave everyone with some very wonderful memories.

CHRISTMAS PARTY

A Christmas Party sponsored by ASCGF and the Faculty Wives was held for the children of students, faculty and staff. Father Mac donned his white beard and red suit for the occasion. Bags of candy and small gifts were given to all the young children and the older, but young at heart, college students. This is one of the activities that married students can benefit from as many of ASCGF'S activities are geared toward the unmarried single student.

VALENTINE'S DAY DANCE

The Valentine's Day Dance sponsored by ASCGF and Spurs was held at the Anaconda Company Employees' Club. A barnless barn dance with liquid refreshments and bales of hay which *are part of* every traditional barn dance.

The Caritas staff would like to salute the CGF Bowling Team. Since its beginnings six years ago the bowling team has done much to spread goodwill from CGF. Bill Gianoulias has given many hours to coach the team and has helped build it into a team that is recognized for its fine performance and sportsmanship. The team has done well in tournaments in the western United States, but has received little recognition from CGF. We say thanks for a job well done.
